

HEMANTH SAI GATTAMANENI

Open to AI/ML | Full Stack | Software Engineering Roles

Hyderabad, Telangana, India | hemanthsaig200@gmail.com | +91 9959196502
LinkedIn: [linkedin.com/in/hemanth-sai-gattamaneni-7b7403260](https://www.linkedin.com/in/hemanth-sai-gattamaneni-7b7403260) GitHub: github.com/Hemanth100306

EXPERIENCE

Research Intern May 2026 - Jun 2026
National Institute of Technology (NIT) Raipur

- Contributed to the development of an AI-enabled e-Governance platform for Nutritional Rehabilitation Centres (NRCs).
- Developed backend APIs and secure workflows for data management and automation.
- Implemented blockchain-backed audit logging and role-based access control.
- Participated in testing, debugging, validation, and deployment of enterprise-scale modules.

FastAPI • MongoDB • Blockchain • REST API • Python

EDUCATION

KLH University, Hyderabad 2023 - 2027
B.Tech in Artificial Intelligence & Data Science

CGPA: 9.5 / 10
3rd Year 2nd Semester SGPA: 9.75 / 10

Sri Chaitanya Junior College 2021 - 2023
Intermediate (MPC)

Percentage: 85%

Narayana E-Techno School 2020 - 2021
SSC (10th Standard)

Percentage: 100%

SKILLS

Programming Languages

Python, Java, SQL

Backend

FastAPI, Django, Node.js, Express.js, REST APIs

Frontend

React.js, HTML, CSS, JavaScript

AI / Machine Learning

TensorFlow, PyTorch, Scikit-Learn, OpenCV, Hugging Face Transformers, Sentence Transformers, RAG

Databases

MongoDB, MySQL, ChromaDB

Tools & Platforms

Docker, Git, GitHub, Postman, n8n

Core Concepts

Data Structures & Algorithms, OOP, Microservices Architecture, Machine Learning Pipelines, Vector Databases

PROJECTS

MindScape Nexus 2026
AI-Powered Cognitive Operating System

- Built a microservices architecture using React, Express, and FastAPI.
- Developed semantic memory using ChromaDB and Sentence Transformers.
- Designed Digital Twin analytics for behavioral insights.
- Containerized services using Docker.

React • FastAPI • Docker • ChromaDB • Sentence Transformers

MeetMind AI 2026
AI Meeting Intelligence Platform

- Developed multi-speaker transcription using Whisper.
- Implemented speaker diarization with PyAnnote.
- Generated AI summaries, action items, and discussion analytics.
- Optimized transcript pipelines for efficient LLM inference.

FastAPI • Whisper • PyTorch • PyAnnote • Groq API

SAM Project 2026
Software Application Development

- Designed and implemented a scalable solution addressing real-world user problems.
- Applied modular architecture and efficient data handling techniques.
- Collaborated on development, testing, and deployment using industry best practices.

Python • Django • MySQL • REST API

CERTIFICATIONS

- MongoDB Developer Path Certification
- MongoDB Learner Path Certification
- Social Internship Certificate

ACHIEVEMENTS

- Maintained a CGPA of 9.5/10 in B.Tech Artificial Intelligence & Data Science.
- Built end-to-end AI applications using NLP, RAG, Vector Databases and Microservices.
- Research Intern at National Institute of Technology (NIT) Raipur.

LEADERSHIP & ACTIVITIES

- Member, Student Activity Center (SAC).
- Active participant in technical workshops, hackathons, and engineering skill development programs.
